

Count Me In Form

The Aboriginal Human Resources Initiative (AHRI) is developing a directory of current Aboriginal staff working in health care. This resource will be protected and will only be used to help the AHRI in our efforts to involve Aboriginal staff in the development and implementation of recruitment and retention projects.

Participation in this endeavour is voluntary and employees identified in the directory will be restricted to those individuals who have expressly indicated a desire to be included.

If you are Aboriginal (Metis, First Nation or Inuit), currently working in a facility, organization or community office in the Winnipeg Regional Health Authority, and would like to be included in this networking resource, please provide us with the following information:
